Commission Volume (CV) is the total amount of money that can be paid out in commissions on any product or package. Every item has its own CV amount and CTFO always pays out 100% of the entire CV amount of each and every sale.

* A Qualified Associate is any Associate who has purchased a product or package with a sales price of at least \$47.47 within the last 30 days. This qualification can also be met by having 10 personally enrolled Qualified Customers or Associates, with no purchase required by the Associate.

A Qualifying Person is either a Customer or an Associate who has purchased a product or package with a sales price of at least \$47.47 within the last 30 days.

+ Personal Team Volume is comprised of your entire sponsorship volume (unilevel volume.) This is the total sales on your whole team for unlimited levels. This is not your matrix volume which can include spillover.

Personal Team Volume is based on your total sales volume, not CV and is calculated on a rolling 4 week period.
